(P) Priority Industry Sectors- Industry sector training program investments that are a priority focus in the local/regional area. These programs may be in the start-up phase (i.e. enrolling clients), or currently delivering training and/or other services to job seekers and employers.

(E) Emergent Industry Sectors- Industry sector training program investments that are in the planning stages in the local/regional area. Include any industries which your local board may be considering targeting job seeker and/or employer services and/or training resources in the next year.
